

The International Lawyers Network

To keep pace with the increasingly global nature of our economy, the **International Lawyers Network** understands the importance of delivering high quality service through our member firms to their clients. We embody the following characteristics that make us one of the leading associations of independent law firms:

-  **Worldwide Presence:** Each of our members can easily and rapidly gain international expertise without the expense of opening and maintaining an office in other countries. The ILN is an association of 91 high-quality, full service and specialized law firms with over 5,000 lawyers in 66 countries on six continents.
-  **Relationships:** Over the past 24 years, ILN members have developed strong personal and professional relationships through our conferences and meetings, pushdown efforts, specialty groups and other cooperative efforts. These relationships are the hallmark of our Network.
-  **Responsiveness:** When receiving a referral, a member firm will make contact with the receiving firm by email or telephone within 24 hours.
-  **Reputation:** Our members are held to the highest standards of excellence – they abide by the ethical rules which are universally appropriate for lawyers and law firms, particularly the international code of ethics.
-  **Quality:** Each of our firms is vetted to ensure a seamless, highly professional, highly qualified pool of law firms and expertise. Our members believe in the quality of ILN firms and that is why they join our Network.
-  **Accessibility:** Member profiles and contact information for each of our member firms are immediately available on our website.
-  **Diligence:** Unlike many other legal networks that conduct only an Annual membership survey, the ILN conducts bi-annual Referral Surveys, which provide members with the opportunity to evaluate the quality and responsiveness of their fellow members on a more continuous basis.
-  **Visibility:** Our members become more visible to clients and potential clients by authoring articles for our *International Legal News* newsletter publication and increase their presence within the ILN with their contributions to the *Bullet"iln,"* our internal newsletter. Additionally, member firms and attorneys are highlighted through the Administration's social networking efforts on LinkedIn, Twitter, Facebook, and Google Plus.
-  **Knowledge Network:** Our Specialty Groups provide our members with the ability to pool their resources and take advantage of the tremendous strength and depth of their combined expertise.
